

# Insurance Compliance Solutions

## Insurance Compliance Expertise

We have been helping insurance professionals be more successful for nearly 100 years. With an individual average of over a decade of experience from legal, compliance and regulatory backgrounds, our staff includes some of the most highly skilled and trained compliance professionals in the industry today.

## Trusted Brands

Created in response to a changing marketplace, our brands have been around for as long as the insurance market has been regulated. NILS INSource, AuthenticWeb and Uniform Forms all enjoy market leading positions.

## Stability and Strength

Wolters Kluwer Financial Services is part of and backed by Wolters Kluwer, a leading multinational publisher and information services company. Wolters Kluwer employs approximately 18,500 people worldwide.

**Our powerful suite of products and services provides the content and analysis insurance professionals need to meet today's regulatory compliance challenges.**

Wolters Kluwer Financial Services is a leading provider of compliance, content, technology, and services for banking, securities, and insurance. We can help you avoid regulatory compliance issues.

Our Insurance Compliance Solutions group offers a suite of products designed to help insurance professionals comply with the hundreds of thousands of state insurance requirements, including NILS INSource, AuthenticWeb, and Uniform Forms. Our products leverage technology to make it fast and easy for carriers to find the exact information they need. Our staff of insurance and legal professionals monitors the regulatory environment and provides insightful analysis that makes it easy for insurance professionals to understand the actions they need to take.

## Research

### NILS INSource® and ComplianceWare®

The foundation for regulatory research and analysis, these databases enable legal professionals to search and access the entire insurance code, regulations, and other laws and regulations pertaining to the insurance industry quickly identifying applicable laws and requirements for a given regulatory topic. In addition, analysis is given on citation that states have reviewed in Market Conduct Exams - giving the user the benefit of understanding what issues are being focused on and how states are interpreting requirements.

## Workflow Compliance Solutions

### AuthenticWeb™

Desktop workflow compliance solutions enabling users to electronically access regulatory forms, analysis, and 50 state "cheat sheet" charts summarizing specific regulatory topics (such as Credit Scoring, Cancellation & Nonrenewal, and much more). AuthenticWeb is organized into three categories:

- Department modules covering the specific needs of operations for forms and regulatory research
  - AuthenticWeb for State Filing
  - AuthenticWeb for Claims
  - AuthenticWeb for Contract Provisions

- Forms modules covering forms and related regulatory summaries
  - AuthenticWeb for Cancellation/NonRenewal
  - AuthenticWeb for UM/UIM PIP Coverage Rejection
  - AuthenticWeb Matrices: 50-state charts, summarizing requirements for a specific compliance issue in an easy-to-use and share chart

## Content Integration

Compliance automation solutions allowing insurers to capitalize on existing technology investments by integrating compliance related forms and rules into existing systems to enhance productivity and improve compliance results. Pre-composed libraries including more than 20,000 forms and related compliance rules, in industry-leading formats can dramatically reduce the cost and time associated with implementation of these initiatives.

## NILS INcompass™

NILS INcompass is a unique online solution that enables you to remain compliant with regulatory changes while maintaining a tight control over the process. It delivers the intelligence you need to make an informed decision about regulatory compliance risk management. NILS INcompass provides visibility into the status of initiatives put in place to respond to regulatory changes. Designed to simplify the entire process, NILS INcompass automates labor intensive tasks and provides management with valuable insight.

## Print and Forms Solutions

### The NILS Red Books

For over 50 years, The NILS Red Books have been the industry's premier print source of information on state insurance laws and regulations. Today, it remains the only complete collection of insurance laws and regulations available in print - covering all 50 states, plus Federal, the District of Columbia, Puerto Rico and the U.S. Virgin Islands. NILS Red Books covers insurance laws, insurance related laws, regulations, related regulations, federal insurance laws, and miscellaneous materials including circular letters, bulletins, and attorney general opinions.

### Uniform Forms

Containing more than 20,000 forms, the Uniform Forms library is the largest single source for property and casualty insurance forms. We offer complete libraries for ISO, NCCI, AAIS, ACORD, as well as our own authored forms. Our libraries also include procedural forms that need to be processed in conjunction with policy forms to comply with state-specific requirements. For nearly one hundred years, we've been the industry's most reliable and comprehensive supplier of property and casualty insurance forms and related content. While technology has significantly altered the forms and the way they are completed, we have kept up with the changes. Today, we offer a full library of both electronic and print forms, as well as a variety of form content integration services. Whether you complete your forms by hand, typewriter, on your desktop or integrate it with your software solution so that it is automatically completed, we can help.
